Winter is Here!

In the past two weeks, well over 30 inches of snow has fallen at the York Airport. Our crews have been working hard to keep the runway, taxiways and ramp areas free of snow to minimize the impact on flight operations. We have filed over a dozen NOTAMS since the first snowfall to inform pilots and flight crews of potential hazards and to keep them up to date on the latest conditions.

Since winter weather will remain a threat for the next month or two, please remember to check NOTAMS for the York Airport or give us a call at 717-792-5566 to get the latest information on closures and conditions.

For our tenants, if you plan to fly after a winter storm passes, please let us know. The staff at York Aviation will prioritize clearing your hangar and ramp area to allow you to depart or arrive as scheduled.

free to write us a note and tell us what you think. We would love to hear from you.

Restaurant Opportunity

We are currently in search of an operator to run a restaurant at the York Airport. Kitchen and dining space are available immediately. This is a great opportunity for a motivated group or individual to operate a restaurant in a local transportation hub setting, with frequent aircraft catering orders, passengers, and street traffic passing through each day. The space is located in the main terminal building, which is along busy US Route 30. Contact Mark at 717.792.5566 for more information.

Fly In and Step Through Thyme!

Stepping Through Thyme

March 4-6, 2016

**York Expo Center
Memorial Hall**

While it's hard to imagine in this frigid, white landscape, spring IS right around the corner. Even our state's famous groundhog says so! And what better way to put a little "spring" in your step than to fly in and smell the roses at the Pennsylvania Garden Show at the York Expo Center-Memorial Hall on Friday, March 4, through Sunday, March 6. The show features three full days of informative seminars, cooking demonstrations, vendors and garden displays. Learn how to make faux stone garden containers and troughs with hypertufa. Meet author Kate Copsey as she presents her new book, "The Downsized Veggie Garden" and shows you how to grow herbs, fruits and vegetables in small spaces. You can even attend an herbal garden tea party hosted by the Red Brick Bakery. Click [here](#) for more details, including hours, a schedule of events and ticket information (including discounts).
